Development of Renewable Energies,
Environment and Power Quality

Vigo, 30th November, 2014

REFERENCE OF THE PAPER: 278

TITLE and AUTHORS: A Concept to Increase the Bulk Warm Water Production of Ordinary Direct and Indirect Solar-Thermal Systems in Rural India

D. Norta, C. Winkler , Adoni-Team

I would like to thank to the authors for proposing a paper for the “**International Conference on Renewable Energies and Power Quality (ICREPQ’15)**”. The number of papers that can be presented in the Conference is limited. For this reason, the International Scientific Committee found it necessary to decline some of the papers. This was a difficult task in view of the quality of the submitted proposals. Each digest/provisional full paper was evaluated by two referees, peer review, and the papers submitted were selected on the following bases: **originality, interest, quality, elaboration, references and objectives/conclusions**.

Take into account these bases the members of the International Scientific Committee have expressed a global conclusion about each paper like: **excellent, good, average, poor, bad or very bad**, and sometimes they send us some remarks for the authors.

After the Reviewing Process, I am very delighted to inform you that the **ICREPQ International Scientific Committee** has reviewed your paper and it **HAS BEEN ACCEPTED** for the presentation at ICREPQ’15.

Congratulations on your fine contribution and it’s my pleasure to invite you to attend at ICREPQ’15 that will be held in La Coruña(Spain), from 25th to 27th of March, 2015, for to present your paper.

Best regards.

Manuel Pérez-Donsión
Chairman of the ICREPQ Steering Committee

Vigo, 30th November, 2014

**REMARKS SENT BY THE INTERNATIONAL SCIENTIFIC COMMITTEE MEMBERS THAT
EVALUATE THE PROPOSAL TO THE AUTHORS:**

Reviewer-1.

Paper format should be improved. Although paper can be understood, some English language errors were found (i.e., sufficient, instead of enough).

You must send us, using the electronic address: donsion@uvigo.es, the full paper following the “ICREPQ-Template” guidelines, in “.doc” (word) or “.pdf” format. The full paper, authors’ registration and ICREPQ-Copyright, must be received before January 20th, 2014.

Best regards.

Manuel Pérez-Donsión
Chairman of the ICREPQ Steering Committee
