<http://www.infoagepub.com/series/Advances-in-Cultural-Psychology>

## Table of Contents

### General Introduction:

#### **Culture in the act of caring: Bringing Geropsychology, other gerosciences, and Cultural Psychology together**

*Thomas Boll, Dieter Ferring, and Jaan Valsiner*

### **PART I: Contexts of care in aging: demographic, historical, political, and normative issues**

1. Population aging, demographic trends, and consequences for long-term care  
*Anja Leist*
2. History of professional care for the elderly persons  
*Benoît Majerus*
3. Turning the 'problem' into the solution: Hopes, trends and contradictions in home care policies for ageing populations  
*Virpi Timonen and Tine Rostgaard*
4. Positive aging and concepts of care: Need for bridge-building instead of separation  
*Hans-Werner Wahl and Clemens Tesch-Römer*

#### Commentary:

Coming of age in a youthful culture: A commentary from cultural psychology  
*Svend Brinkmann and Peter Musaeus*

### **PART II: Individuals' stance toward care dependency and care**

5. Caring for the elderly – effects on family and adolescents  
*Anette Schumacher and Helmut Willems*
6. Older persons' care-related preferences: Cultural and cross-cultural influences  
*Martin Pinquart, Silvia Sörensen, and Yajun Song*

#### Commentary:

The carer and the cared: A cultural-psychological elaboration  
*Jaan Valsiner*

### **PART III: Between informal and formal elder care**

7. Scientific and legal concepts of care dependency: Role for understanding, emotional responding, and acting in the field of elder care  
*Thomas Boll and Dieter Ferring*
8. The role of informal caregivers in long-term care for older people: Needs and supports  
*Francesco Barbabella, Arianna Poli, Sara Santini, and Giovanni Lamura*
9. Suffering and compassion in older adult caregiving relationships  
*Richard Schulz and Joan K. Monin*
10. Person - environment fit and quality of care  
*Ása Róin*

#### Commentary:

Meaning focused perspectives on suffering, compassion, and caregiving for the elderly:  
 A commentary on Schulz's & Monin's model  
*Olga V. Lehmann*

**PART IV: Future Issues**

11. A systematic review of self-care assistive technologies for aging population  
*Afsaneh Abrilahij and Thomas Boll*
12. Personnel recruitment and retention in long-term elder care  
*Lynn Chenoweth and Samuel Lapkin*
13. Concepts and strategies of quality assurance in care for older people  
*Henk Nies and Kai Leichsenring*
14. Striving for culturally competent elder care  
*Amélie Blanchet Garneau, Anne Bourbonnais, and Jacinthe Pepin*

Commentary:

Caring through culture

*Nandita Chaudhary and Jaan Valsiner*

**General Conclusions:**

**Care in aging: Cross-fertilization within and between geropsychology, other gerosciences, and cultural psychology**

*Thomas Boll, Dieter Ferring, and Jaan Valsiner*
